Hi there,

I was wondering if you could provide us with a status update on the rink chalets? I was hoping to ask tonight at the community council meeting (which has been postponed a few weeks). Since time is of the essence for us and we have to begin planning for the rink season (funding, etc.), any information you could provide us as soon as possible would be greatly appreciated. On my last call with Reese back in May, he indicated that homeowners that were canvassed around the parks were very happy about the idea. Most of our questions have been answered regarding requirements on our part (like supervision), but we haven't been given any updates. The rink season is creeping up fast.

Best regards,  
Yasmine
